Marines,

As stated on the drill notes, everyone must follow the below link and complete an EPHA in preparation for our upcoming medical stand down. If you have completed this since last drill weekend, there is no further action needed. If you have not completed one since then, please do so before we report to drill on Saturday.

It takes approximately 5-10 minutes, so please take the few minutes to get this done IOT avoid getting stuck trying to get these all completed from the HTC Saturday evening.
